**ORDER NO. 3  
GRANTING EXTENSION**

This Order addresses the June 9, 2021 status report and request for extension filed by Chevron Phillips Chemical Company LP (CPChem). CPChem and Commission Staff agree in principle that the overall circumstances and uncertainty in this docket continue to warrant a further extension of this matter, rather than moving forward immediately with the proceedings.

On June 11, 2021, Commission Staff agreed that an extension is appropriate.

The administrative law judge grants the request for extension. CPChem must file a status report by the earlier of July 29, 2021 (which is 45 days from the date of this order) or within 15 days after the Commission makes a decision on CPChem's emergency petition in Docket No. 51812.<sup>1</sup> By the same deadline, ERCOT, Commission Staff, and any other party may also file any briefing or request any relief they deem appropriate. Consistent with Order No. 1, this case otherwise remains abated.

**Signed at Austin, Texas the 14th day of June 2021.**
